CLOSED indicates that maintenance of the greens have occurred which precludes use of the green for the rest of the day.

Irrigation* indicates weather dependent (with rain on a given day irrigation may not be necessary).

For activities, (L) indicates the lower green and (U) the upper green. There may be specific instances where the use of a green changes.

Practices can be on either green but please look for signs indicating greens that may be closed.

Your flexibility with use of the greens is appreciated.
